

Environmental Policy

ADEC is working towards environmental sustainability both within its business and in its community. Believing these goals to be fully achievable, ADEC is firmly committed to:

- The prevention of pollution; the reduction of wastes and promotion of recycling.
- Comply with all relevant environmental requirements.
- Measure its impact on the environment and set targets for continual improvement.

Implement a program, for its employees, suppliers and subcontractors to raise awareness of environmental issues and enlist their support in improving the Company's performance.
